

# SHOWHOUSE

24 x 30 minutes

Dreaming of a fabulous new kitchen, want to romanticise your bedroom or update the lounge.....well look no further.

Presented by Ireland's most respected interior architect Neville Knott, ShowHouse sees two professional interior designers take over two identical new houses and compete to create the winning interior. These top designers have around 12 weeks to plan their haven, six days to work on the interior and on the seventh day, the launch day the public arrive and vote on the winning ShowHouse.

Watch as a collection of interior concepts evolve from contemporary, to country classic and modern minimalism, to shabby chic. Each week a host of properties are transformed from luxury apartments in historic Athlone, city living in buzzing Kilkenny, to contemporary homes in Cork and stunning detached properties in Portlaoise.

The only dilemma - will be deciding on your dream interior!.
