

FAR NØRTH

Genre: Surf documentary

Duration: 1x40 mins

Directed by: Todd Barnes, Ed Saltau, Ben Player

Description: Follow Ben Player (3 x World Bodyboarding Champion) on his epic quest to challenge himself against some of the worlds most violent and dangerous waves in the far North of Europe during the freeze of Winter, all captured in stunning 4K and delivered with an original music score by the very talented Mickey Smith.

Far Nørth is a 40 minute film which had taken Player five years to make, and the end result is an Action Sports film which is unlike any other. It takes the viewer on an epic journey that juxtaposes between the vast natural beauty of the North and Ben's drive to push the limitations of his body, mind and sport, offering a dramatic insight into how far an athlete is willing to go to be the best.
